Wheat is Some Easier on the Opening, While Corn Opens Soft and Shows Very Little Strength. OMAHA, Sept. 5, 1907.

The market was off some this morning a a result of heavy selling and profit-The market was off some this morning as a result of heavy selling and profitaking by longs.

Shorts were covering on the strength of foreign cables, and Antwerp cables in particular, which came very strong on wheat. Wheat opened some easier on selling and heavy realizing for profits by the largest holders. Shorts were covering and prices held moderately steady. September option opened at 5%c and closed at 5%c.

Corn opened soft and little strength was shown. Selling for profits was heavy and cables were some lower. September corn opened at 5%c and closed at 5%c.

Oats opened firm, with commission houses buying and shorts covering. Later market grew nervous and prices fluctuated considerably and the tone was some weaker. erably and the tone was some weaker September oats opened at 56c and closed

Wheat Breaks Heavily on Reports from European Markets.

CHICAGO, Sept. 5.—The wheat market suffered a decided reaction today because of a falling off in the export demand and lower prices in foreign markets. At the close December wheat was 1%971%c lower. Corn was down ½c. Oats were ½c higher. Provisions were unchanged to 5c lower. At the immediate opening today in the Corn was down 1/2. Oats were 1/3c higher. Provisions were unchanged to be lower. At the immediate opening today in the wheat market prices broke heavily, being all the way from ic to 1/3c below the close of yesterday. The cause of the decline was lower cables at Liverpool and on the continent. It was also reported that foreigners were balking at the stiff price demanded for cash grain. Nevertheless, they bought freely on the decline. Local holders dumped large long lines of wheat on the market at the opening, and as shorts were largely out of the market, prices received but little support. The reports concerning the condition and quality of the new crop were conflicting. It was declared, however, that much of it shows damage by frost. The speculative demand was very heavy. Late in the day prices advanced slightly on the report that the weakness in continental markets was not as great as originally reported. December opened ic to 1/3c lower at 99146994c, sold between 984c and \$1.00% and closed easy at 29c. Clearances of wheat and flour were equal to 243,000 bu. Primary receipts were Lill,000 bu., against 638,000 bu. on the same day last year. Minneapolis, Duluth and Chicago reported receipts of 352 cars, against 220 cars last week and 330 cars a year ago. against 230 cars last week and 330 cars a

The trade in corn today was very heavy.
Buying followed every decline and the
bulges greatly increased the sales. The
larger part of the selling was by the longs,
who were anxious to secure profit. Houses who were anxious to secure profit. Houses with northwestern connections also let go of a large amount of corn and the speculative trading was about evenly divided between the bull and the bear side of the market. December corn opened unchanged to \( \frac{1}{2} \) could be tween at \( 62\) cold be tween and \( 62\) cold be tween and \( 62\) cold and \( 62\) cold closed easy at \( 69\) cold lecture. contract grade.

Trading in oats was very light and the market held firm throughout the day on the constant covering by shorts, a large proportion of whom were country dealers who find that their grain will not grade as contract. Elevator interests were fair sellers. Offerings were few. December opened its lower to its higher at 55% to 54c, sold between 55% and 55c and 50c and 50 closed at 53%c. Local receipts were 208

closed at 63%c. Local receipts were 208 cars.

The provisions market opened firm because of large shipments and fair buying of January lard. Later the entire list declined on selling of each item by local packers. At the close October pork was be lower at \$15.65. Lard was be lower at \$3.10. Ribs were unchanged to 2½c lower at \$3.74.65.70.

Estimated receipts for tomorrow: Wheat, 175 cars; corn, 291 cars; oats, 255 cars; hogs, 15,000 head.

SHEEP-For a Thursday receipts were unusually large, making the total for the week to date very much larges than for the corresponding days last week. The market this week has been in exceedingly good condition throughout. Yesterday and the day before a total of 3s.817 head of sheep and lambs was received and sold. With another day of liberal receipts the demand still continued good and everything offered sold very readily at good steady prices. Feeder buyers took eleven more cars of the yearlings that brought \$5.89 yesterday at the same price today. About twelve cars of breeding ewes sold in one bunch at \$5.60. What few fat sheep and lambs were offered also met with ready sale at steady prices, a few yearlings going to 2 packer at \$5.75, with a string of wethers at \$5.85 and a load of ewes at \$5.50.

There has been practically no change in SHEEP-For a Thursday

wethers at \$5.35 and a load of ewes at \$5.00.

There has been practically no change in the market this week so far as killers are concerned, steady prices being maintained from day to day. There has also been little change in feeders, but such change as has taken place has been on the side of stronger prices, in fact most operators on the market are quoting feeders strong for the week.

Quotations on good to choice killers: Lambs, \$5.7507.15; yearling wethers, \$5.7507.50.

No quotations are given on fair to good killers, as feeder buyers are taking practically everything of that description at better prices than packers will pay.

Quotations on feeders: Lambs, \$6.500.

5.90; yearlings, \$5.50076.55; wethers, \$4.8500.

5.25; ewes, \$5.00074.50; yearling breeding ewes, \$5.00.

NEW YORK STOCKS AND BONDS

Burlington Extra Dividend Causes Buoyant Sentiment on 'Change.

FAILURE OF BROKER DISCOUNTED

Much Money Necessary in Short Time on Subscription Payments, but Market in in Better Shape.

NEW YORK, Sept. 5.—The bad news which has been supposed to be hanging over the stock market eventuated today in the announcement of a failure of a Stock which has been supposed to be hanging over the stock market eventuated today in the announcement of a failure of a Stock exchange house, after which and the Burington dividend deciaration, there was a buoyant recovery from the weakness which had been in evidence yesterday and early to 'ay. This is the first failure of a Stock ex lange firm which has occurred through an 'be drastic contraction of values of securifies of the spring and summer, a record which has been subjects of surprise.

That the troubles which pulled the firm down were not of the immediate past was the general surposition, sirmise pointing to the shrinkage of some of the northwestern railroad group, among the earliest in the severe decline, as this light of the embarrassment. The incident alled attention to the fact that an installment of \$3,00,000 of Great Northern stock subscriptions is gayable tomorrow and revived the consideration of these recurrent requirements for capital already subscribed but not paid. On Sentember 29 there is payable the final installment on the Inion Pacific convertible bonds, which will call for \$37,00,00, it was intimated today that there would be no extension of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate which underwrote these bonds and also that only a small portion of the syndicate in the stock. The fact of the failure as an after effect of events so far in the past left an unpleasant impression on sentiment. The feeling of relief over having the matter out of the way overbore other considerations and also left a short interest uncovered that had sold stocks on ea

failure was supplemented by depression in the conper stocks.

There was another break in the prices of copper in London and feeling was not settled as to the stability of the price of copper here on the new level of this week. On the other hand, advices from the iron trade were encouraging.

The easier tone of time money was still evident, but rates for call loans were slightly stiffer. The extra dividend on Rurlington stock confirmed rumors many times renewed in the past of an intended melon-cutting for the Hill stockholders, but the increase in the regular dividend rate was a surprise. The announcement coming in the midst of the unfavorable influence of the Stock exchange firm's failure on those stocks caused a violent upward reaction and furned the whole market buoyant, in which state it remained until closing. ng. nds were firm. The Myers-Dillon drug store will enlarge its quarters at Sixteenth and Farnam streets by adding the room now occupied by the Walk-Over Shee company just east of it. This will make the largest drug store in the west. It will have a floor space of 2,000 square feet. The largest drug store in Denver has only 2,200 square

The wall will be taken out between the present drug store and the next room and all will be thrown into one room. The change has been made necessary by the great increase in the business of the

drug company, which has crowded to the

utmost the present room. The property is owned by the Thompson estate and the rental is the highest in Omaha.

SUIT AGAINST VINSONHALER Action Filed by County to Force Ex-Judge to Pay Marriage Pees.

F. S. Howell, special counsel for Douglas county, has filed a motion for a new trial in the suit of the county against former County Judge Vinsonhaler for marriage fees and other fees he earned and did not collect. Judge Sears held him accountable for \$6,862.52 for marriage license fees, but decided he was not responsible for uncollected fees. It is to the latter part of the decision the county objects. Judge Vinsonhaler also will domand a new trial on the grounds the court should not have held him for the marriage fees. In the county's motion Mr. Howell cites thirty reasons for the granting of a new trial. Most of them are technical.
